ADMINISTRATIVE HISTORY

In response to the urging of Sheldon Jackson and various prominent Presbyterian women, the 99th General Assembly (PCUSA) (1877) organized the Woman's Executive Committee of Home Missions. The initial purpose of the Committee was to provide schools and teachers for the mission fields in the western and southwestern US. The Committee supported missionaries among the Mormons in Utah and among the Native American and Spanish-speaking peoples of the southwest. Eventually, this work was extended to Alaska, Puerto Rico, Cuba and the Appalachians.

In addition to carrying out field work, the Woman's Committee published many pamphlets and leaflets, a missionary magazine entitled Home Mission Monthly, and an annual "Prayer Calendar," which eventually merged with the foreign missionary yearbook to become the Yearbook of Prayer. In 1897, the Committee's name was changed to Woman's Board of Home Missions.

In 1915 the Woman's Board incorporated; at this point it ceased to be a subsidiary of the Board of Home Missions. In 1923 the Woman's Board merged with seven other boards and agencies of the church to create one unified Board of National Missions, and its work was divided between two units of the new Board. Publications were taken over by the Unit of Education and Publicity, and work with the schools and hospitals in Alaska and the United States became the responsibility of the Unit of Educational and Medical Work.

Katharine Bennett, president of the Woman's Board at the time of the merger, became the first vice-president of the BNM. She also chaired the Woman's Committee of the BNM, which was comprised of the BNM's female members and was created to give the women continued jurisdiction over what had been their work for over fifty years. The Woman's Board continued to function as a holding corporation until the 1958 reunion of the PCUSA and the UPCNA.

NOTES TO RESEARCHERS

Record Groups 48, 51, and 105 were combined and reprocessed with material from the library to form this collection.

For conservation reasons, the volumes in RG 48 were disbound and the pages placed within acid-free folders.

As the official change from the Woman's Board to the Board of National Missions did not take effect until late in the year of 1923, there are a few items in this collection dated 1924 which relate to work which went on during the previous year. Although the Women's Board continued to exist after the reorganization, the body which oversaw the day-to-day mission work was the Woman's Committee of the BNM. Those records will be found in RG 305.1 Post-1923 records in this collection, such as the minutes in Series 2, are the records of the Woman's Board as a legal entity rather than a mission board.

A card file index to the 1888-1913 correspondence (Series 4, above) is available in the library. The index is chronological.

Sir,

We are to-day to send you [illegible] Tons Iron Ore which has been this day put on board the Schooner upon the [illegible] requisite

We send you a small Sample of the Iron of which you spoke recently for some of the Ship on hand. And now we are anxious to give our views touching the affairs in the way of furnaces, &c. &c. books &c. &c. which are needed in order to make them ab- -ministrative & so to render

parents & children to favor them - We ask for an appropriation of $50.00 each for the above purpose. We also recommend that Mrs. Marcus Whitman's request for increase of pension be granted.

Then we are about establishing a Boys' Home in Alaska - and need $500 to buy some property there, said to be an excellent bargain - We have the promise of $75 from one school in Western Iowa - & $50 from one in Albany - Now we should like to have this opened also, and transmit the boys in our Schools to Alaska. Sometimes it gets cold and cold here - & Alaska boasts of to show - which was brought into Miss B.A. Austin's school at Sitka Alaska - in exchange for clothing - Do [illegible]

Dear Mrs. Hyatt,

It is one of the most encouraging features in our work, when a Special Call is made, that there, at once the same mind, to be specially led out to take hold of it. For instance, it is very desirable to open a Boys' Boarding-School at Sitka, Alaska - to do for them, what Mrs. Sheldon Jackson seems to be accomplishing for girls at Point Barrow - And just as we are planning for this, several letters have come, of their work among the boys in Home-Missions - by which God is inspiring the belief that the movement is of the Lord - a

Dear Sir,

I have not had a moment to spare since I received your letter, or I would have written to you sooner — You must be aware that the Judges of the Supreme Court are not in the habit of giving opinions upon cases which may come before them judicially — I believe I am also right in stating that the Judges of the Privy Council, that Court of Appeal to which you refer, do not usually give reasons for their decisions —

But I would refer you to the report of the particulars about the opinion of the Rev. Dr. H. C. Robbins — Rev. Chas. Rev A. L. Clark - Florida Mad. York.

Dear Sir,

Some of us Mr. Boyd & myself both received almost by same mail a picture of the Meeting house building at Logan City, Utah - After the Chapel was begun it was almost absolutely necessary to add an "annex", which the Missy. Rev. P. M. Parks & his wife & daughter, all engaged in the school, could live - The Mormons would not allow any one to rent them a house - For two years they lived in a paint-shop & furniture manufactory over their heads -

Probably such a thing could not pass now - a Mounted State Troops hold the Mormons in check -

I can only lend you the picture - Nothing to make it discernible - I saw in the scaffolding it's not yet taken down - The Chapel is said to be a model of convenience -

If you people New-Mexico, I'd you recommend you to appropriate your Dollars to the Pueblo Boarding-School at Albuquerque - We need $2.500 Dollars, and ever little helps -

Perhaps if you write a few lines about the Ex-

The Cutlers are a very good kind of Indians— I wish to encourage them—

If you pass Arizona, we have just sent Mrs. & Miss J. D. Perkins to Fort Defiance among the Navajos— When they become settled, no doubt extra funds might be obtained for it—

Do remind the dear members of your S. School who have sent the $30— that without the blessing of God, it can do no good— Therefore let them pray now regard to it— & may some of them be like Norah's supporters— Love to Mrs. Cook & children

What can be done? The B. of Foreign Missions has connected itself Home Department with the Exe. Comtee. Also the Synod of Tennessee & it voted to commence extensive operations. It has been proposed to consolidate the Foreign Missionary Magazine & Home Missionary, & he cannot well agree to this, as the needs an outlet for Home Missionaries. Qu. at present a part of the Exe. Dear Sir,

There are two young girls at Mt. Pleasant, Utah, formerly from Monmouth, who have so well improved their advantages in the Mathews School there, as to be able to assist in teaching. — They need further training & culture. One of them is engaged to be taken East, if only as a servant. They are really worth educating for teaching. —

I write to ask whether a place could be found in them in the Northfield School next Fall. — Yours truly, Respt.

Dear Miss Wood,

I find upon "papers" all right to bring before the Board of Home Missions next Tuesday the 30th inst — except the official one from Secretary which C. paid could come later — While no positive arrangements can be made until above mentioned meeting of B. Probably you would like to

is now at the Sea Rest - Ocean

to remain there until Sept 1st

to me it might be of advan

Dear young friend

Do not in any case dear heart say more - We have to do things in a very regular and systematic way - and cannot speak positively of teaching young men and women, until she is officially accepted by the Board of Home Missions -

Your certificates were not on hand on July 8th - and now the B. does not meet until the 3rd inst. next Thursday - The two papers you send will answer the purpose - and if she are of church membership does not

come in time, the matter will no doubt be put in hands of a Com'te to decide - So as not to wait another month - Perhaps a telegram will be sent you - but I am afraid the money & R.R. "permit" - cannot reach you in time for you to get to Omaha by Saturday the 18th inst. There will be no use in your trying to reach there Monday at any rate - if you want to stop at Topeka - as I hope you will arrange to do -

Prof. Shearer – Albuquerque N. Mexico

Dear Sir,

Our present plan is to send Miss Mariette Wood of Trenton New York to help in your school – until Miss Ada A. Shirley can come back – and also we think, if Miss Wood goes to Albuquerque, she will help us very much to have Miss Shirley attend a few months in Phil adelphia. If you know how hard it is to get people who are suitable for such work as we want, without going, and to

the pleasure to find it - you would understand how important it is to have those who have been workers in these Home-Missionary fields themselves sometimes - and make the effort real to the toiling band there -

I have advertised, & enquired personally for help for you - If you therefore decide the right one for us, please let me know as soon as possible -

We are all saddened by the sudden death of Dr. H. Kendall's only son - Please pass to Sister Phillips & Dorcas Flack Miss Shuckly will probably go to Jaro, perhaps next month - It will be pleasant to meet those friendly faces - & they will no doubt have many questions to ask

Yours sincerely

Dear Mrs Wrestling

There are fifty boys & girls in the Indian Pueblo School at Albuquerque New Mexico - Any thing you have on hand, if too heavy to send by P. Office, had better go there to Post Theater — Write at the same time that you send any thing - Freight charges are lower than Express - Postage 3 c lb and papers go like by Post-Office — and in this way you can send to Albuquerque, Arizona as cheaply as to the Indian pupils to you — Miss G. E. Austin at Sitka Alaska writes that she has 150 pictures & wants quite grown up ones

Coyne by the middle of October — please write me again — In the mean time tell your dear girls to keep on the work — & to pray too for the dear little girl who is now somewhere — and whose name God knows, tho we do not —

We have reason to believe that nothing can do so much to dash down the power of the Mormon priesthood — as to have the children brought into schools — where the truth will be taught them — Just to think of their praying, there is no doubt, that our President would not get well — With love to you, & your class — Yr. Then Miss Ayer - Care of Mr. Pritchard Uintah Agency - White Rocks - Utah would be glad of articles mentioned -

If you do send any thing as the Indians, please report what and to whom sent - to Mrs. C. H. Langston at our Office -

We hope no more children may be driven by "taking stock" to their parents in the way described, that you may be led to do something actively helping in the missionary line as well - If only people knew more about it there is to do - it does seem as if more would be done to bring the gospel to the dying - to the glory of our Lord and Master - Yours truly,

Sept 7th

Miss Jennie Bratt Connersville, Fayette Co. Indiana

Dear Miss Bratt.

There are three objects I will mention to you, not but what there are many others -

1st. A Miss M. Ada Ellis, who is very highly recommended, is just appointed as missionary teacher to Utah - We need $450 for her salary besides travelling expenses to the field - There are 109 churches in your Synod - If 100 of them would give $5.00 each we should have enough - but any help you may like to give would be of service - I would not ask for the other 99 churches, that might do something -

Nothing but the gospel can save the country from Mormonism - and schools are fast to be the most encouraging means to use towards introducing the gospel -

2nd - We want to begin a boarding and day school near Mobridge Nebraska for the Ponca Indians - Standing Bear, I believe you have heard us say anything for us - We want as soon as possible to buy a "Hall" which is offered at very low rate - & should be glad to raise it in some large or small -

3rd - We are just finishing off a Mission Building at Chilcat Alaska - and want money to furnish the room - If you want particulars about this, let me know, and I will send copy of part of a letter just received yesterday - With love & best wishes to yourself & "Band" J. E. H. Haines Jun^{r} -

to the Hall until further notice - The money for it would be promptly on hand, should the public like be made -

We have a teacher in view who has had much experience in Indian mission school - It would be well for you to see him some time about a Matron & Assistant Teacher - What is to find out whether such can be procured at hand who would meet our requirements - & which you can learn from Mr Boyd & Of course no one can be engaged except by direction from Gen Supt -

We believe that God is opening the way for the Presbyterian church to "do as she will among" among the Sioux & Omaha - "White Cloud" has made a good impression on his return to Washington -

Dear Sir,

At our meeting yesterday
I was asked to write a few
words by way of letting you
and Mrs. Kendall know some-
thing of our deep sympathy with
you in this time of sorrow—
We could not speak to you of this
trial, and how kindly made-
quate to the occasion, seemed
any language I can use—
We prayed together for you, dear
friend, to Him who will be
more to you than sons and
daughters— We are thankful

Dear friend,

I hope you stay at Asbury Park did you good - I want to tell you what I know of our Exec. Meeting Oct. 11th - further than when I saw you - Rev. Allen Brown will bring a Map of New-Jersey - & will shew those present about the Presbyteries - & Miss Lora B. Shelley will be there (D.V.) - & as time is short, it will be quickly taken up - I think we want at least 40 Minutes with members of Exec. Com^te^ just by themselves to agree upon advance work this the year - Shall we pay

from 12 M. to 12.40.
Dr. Nassau & Miss Foster (or Mrs. Nassau) can be there in the afternoon. There is no meeting in the evening, as we are invited for the day only.
Miss Martha Wood goes next week N.Y. to take Miss Shields' place perm. at Albuquerque. So the latter remains to attend meetings until the last of Oct. She is now in Legrand of Albany, goes then to Mt. Holyoke & Mt. Ch. Phil. on Monday the 19th inst. & in that vicinity for a while, as Mrs. McCauley may wish. Then back to New Jersey, perhaps Brooklyn, & afterwards back to Penn. Do you not think in New Jersey she had better go to places where meetings have not been held lately. Rev. Dr. Kendall,

Dear Sir,

It seems important to hold "Spanish Fork" — and if you have advices from Mr. Boyd and Mr. McMillan advising what Mr. Leonard proposed, I think the sum $268 could be spared. That is a great deal to spend on a temporary stock — if it is best to build there, cannot this money be put into a building & store, & so save $140 per one of his rent? I have not seen Mr. Boyd's letters yet — nor the recommendations of the Presby — & so do not know much other building is advised —

I had not heard about
of Miss Parsons before - only
saw a card at the Office the
other day, that she gave up
going - perhaps it was only for
the present -

I hope Miss Perley will
be found at a place more
suitable for her - Mr. Mc. Mil-

-lifications - & we want her
to be with our friends in

Rev. Chas. W. Hudson, Marietta Ohio.

Dear Sir,

In answer to your note of the 31st ult I would say that the places about which we advertize are at the Pueblo Indian Boarding School at Albuquerque New Mexico. I am only afraid there may be more of practical "bodily exercise" than you & Mr. Hudson may care to undertake. But there can be no harm in your corresponding with Prof. J. S. Shearer there at once. He can tell you exactly what kind of an assistant

when all sit together, the
manners have to be watched
etc— We have a matron Miss
Miss H. N. Phillips, & a lady to
teach sewing, dress-making,
millinery, etc- Miss Catherine

Wood goes three pro-tem-

The matron & seamstress are
capable of teaching in the school
but find ample scope for
their manly efforts in their
own departments— Now we
want some one else to cook,
— teaching cooking, & taking

to the Indian girls - Now
I do not know whether the
Ind. Hudson would like
to take hold of such work -
tho a most important art
to have the Indians learn -
Most of the girls as yet are
unable to go. Ind. It would
be easier to do the work myself
than to teach them - but
they ought to be taught -

would suit you better -

about it - but there would be more satisfaction for you both in hearing more immediately than from the Supt. Thearn has certain rules for the daily routine of the Institution - & some one, not afraid to take hold of work, must see that they are carried - These Indians need continual oversight in the training required into the habits of civilized life - The boys like to work in the garden but have to be taught how to do it - Supt. Thearn finds any assistant engaged on the spot do not answer the purpose - The Mexicans are very shiftless - & teach the Indians more harm than good - I send you two photographs, which please return before very long - As ever,

Dear Mrs. Keep,

As a recent meeting of our Woman's Exc. Com^tee of Home-Missions, you were cordially elected at our Vice President in Illinois — We learn of the interest you have taken in this cause, & of the good help given by your pen & and do not encourage to believe you will be glad to aid in it still further) —

Our next annual Meeting will be held (D.V.) at Springfield in your State, in May 1882 — during the meeting of the Gen^l Assembly — and

we have as yet no Agent Committee in Illinois Central & may need especially a Vice President near at hand—

I wish very much you could come into one of our Com^{te} meetings, to get even a glimpse of the work opening before the farmers of our state, in the line especially committed to them by the General Assembly— We have reason to believe from experience thus far gained, that it can be taken up without risk, in any way, to the work of Freight Printing we presume) we are all engaged. It cannot be necessary to repeat to you our reasons for asking as well for our own land—

I print a few hastily, such as will need at hand— I shall send you as soon as printed—

We request your prayers, dear Mrs. Keep, to have your name & influence, and advice in the work of the Eye. Lord - We have tried to follow as the Lord has seemed to guide - and can say with truth the responsibility has been brought to us, rather than sought for, in any sense - The best way to instruct the women of the great North-West, is an important question - We do not want any thing big, but rather that more still should be done to carry the gospel about & how good openings to the distributing at hand without

Of course it was all just right to keep to engagement already made — but just hearing from any one of you, Mrs. Starke, Mrs. Main, or the latter not mentioning having heard what could be done, I felt pressed to make some appointment from time to time. I hope you will forgive me for making bold to make this trouble —

Miss Sarah M. Clement Dr 77 West Chester Co. N.Y.

Dear Miss Clement,

I am so sorry but your note to Mrs. Boyd, who was away from home did not come to me for an answer until Sunday evening last week - quite too late for you to have from me on Wednesday — but then I have not time or mind to write my minds, and spirits at any rate, I am feeble about the Capitol Memorial Chapel - & yours is the first Band to which it had gone — From what do not your girls take right hold

of this effort the first thing - and then afterwards we can talk up some other object for a permanent one?

Do you take me for Rev. Hammond?

O it is so encouraging to know of the Spirit in which the young girls are taking hold of work. O it is only the spirit of Christ in us that leads to continued & willing.

Hoping to hear from you again,

Yrs truly

Dear Miss Morton - Jersey City N.J. Sept. 22/70.

Your 2nd Postal has come - first there is no other date that can be given for Miss Healy's Mission than the evening of Wednesday the 12th Oct. You will have two (D.V.) at Jersey City - & Miss Olson will have to take the Junction Meeting. Mrs. Hammaker will probably be moved from Bunn - as the Ch. to which [illegible] have no recent letter [illegible] newspaper - No hall is bought as yet [illegible]

trouble to any one.

How many copies of the Circular about "Memorial Chapels" can you use in Phila. now to advantage?

Mr. Boyd Rec. of Bp. of W. Va. thinks has just visited Utah - & knows the exact places where the Chapels can be put up - but it would not do to publish the names as the Mormon Bishops would forbid the sale & purchase -

Yours affectly

F. D. H. Hawks -

Average cost of Chapels will be $150 each - & Lot about $100 - Those buildings answer for school-rooms as well -

Mrs. M. E. Rutherford, Thanks for gift

Dear Mrs. Rutherford,

I am sure that this dear Master, as well as ourselves, is touched by your gift, to Home Visiting. I only wish I could enclose a receipt from our Treasurer. Must I confess it is not the pride I take in the amount of our gift to this cause. It is encouragement to find more interest shown in our Southern visiting. What more I want to ask your advice & opinion about is how extra work in which we are engaged. and any help given

We cannot publish the names
of the Bishops for the Mormons
[illegible] a Bishop should forbid
the sale of a Lot — & a Mormon may
have 20 more [illegible] in hand,
and [illegible] down without giving
time for change of mind —
A lot average for the county
town of Alton — about $100 —
Cost of Building " 450 —
Furnishing &c do not yet know
about exactly —
The Bd of Church Erection will do
something for each Chapel —
so that probably $150 apiece
would secure a lot & the building
Now would it not be grand
if the Lord the world to

in this work? The Mormons
advocate the policy of Pres. Gar-
field - & deprecate his assas-
ination & shall we not help
that our Christ works may follow
him!

Now if you think it will
do send Leaflets to any friends
in the South, please write at once
or even telegraph - that one pound
may send his type a day or
two longer -

With sincere christian love
& best wishes yrs.

J. E. H. Haines &c -

that it would be expected to continue in same line —

I enclose a Circular just out in regard to Memorial Chapels in Utah — How do you recommend any being sent into the South?

If so, would it not be best to send 500 or 1000 to several central points, if you can get the right names? — Then on the back of each, or at the bottom of each could be printed or written some local request, showing to whom the money should be paid — I enclose one Mr. Reed got out in his own church, to show how this can be done —

We know of a number of families in Utah where Schools could be opened at once, if a place were provided and some pay for teacher's salary —

At our meeting yesterday, I was requested by my most cordial friends to open that correspondence with my readers, which should be sent into your hands — also that you should undertake any duties that may come for me in any subject, reading, quick reply — at any hour of the day or night — I am much flattered by the request, & will endeavour to perform my duties, upon which I shall rest my future fame — I am

question is whether it will be of much practical use for us to come before the Secretary's decision - as nothing positive would be decided without it. One important thing is about the San Carlos Agency - I enclose letters from Mr. Chandler showing how Mr. Stewart has had to take upon himself - & am waiting further orders - They write that Col Tiffany will be here on the 1st of H. Missions for pay - after Sept. 1st - We do not understand - Perhaps a contract has been made by Dr. Kendall with the Government - but neither Mr. Boyce nor Mr. Eaton heard about it, if so - and we cannot issue funds money to Govt employés - & how can this matter be decided otherwise -

Utah Chapels-

Just as Pres. J. C. Hamlin of Long B. J. received the call for special gift to put up Chapels in Utah, a thought of Utah Memories was given to Pres. Mrs. Byle of College Hill, Ohio, President of the Presbyterial Society of Home Missions there, and she sent out to the Societies in the Presbytery of Cincinnati a Postal as follows:

College Hill Sept. 30th 1895

Will your Society Band and Sunday School co-operate with others of Cincinnati Presbytery in honoring the memory of our late President by raising a special fund for the establishment of an "In Memoriam" School in Utah, to save children from the evils of Mormonism? Contributions of one cent and upwards desired from all classes and ages, but particular attention to be given to the gifts of the little ones.

Dear Friend,

It is among the happy co-incidences of our lives that you & Mrs. Hamilton should have thought of the same thing, at about the same time - only if your note had come a little sooner, it would have put us in a position to call for Miss Bell - a Postal from Mrs. Hamilton received this morning, say I you have already called upon me & call - I am glad - but to avoid a second repetition to-day I send you a general invitation - We thought

There are six or seven Chapels definitely proposed in Utah. Lots average $100 — Building 650 Amt Furnishing & as yet not known — The Board of Church Location will no doubt give something towards each. — There are three places in Utah besides the above where Chapels are needed — if only the money comes in — Would it not be wise for Pastor & Committee to consult them during vacation, & then act this if you can. We cannot publish names, for

Report of the Women's Synodical Society of Home Missions

Received also - in collection at Annual Meeting Atlantic City [illegible]

" " " " " Asbury Park - August [illegible]

It is encouraging to note in the above figures an increase of $182.26 in the Contributions in money - The largest proportionate additions come from the Presbytery of Morris and Orange, showing the influences of two or more earnest workers there and one church alone at East Orange gave $100 to the Hopi Indian Mission in Arizona - Two Presbyteries only have given less than last year, while two others have almost doubled their donations - Thus in this New Jersey circle of Presbyteries one makes up for the lack of ability or of interest in another - We gratefully rejoicing at being allowed a part in such work, we with united hearts, have brought the above offering to the Treasury of the Lord -

While however we have carried out, and shall ever do all in our power for the Lord by His Spirit and Providence has laid upon the hearts of the Board of Home Missions, urging it forward to take possession of new districts for the Master and King and also

their rights in the line of the Mormon creed to become
in our own land -
The Alaska or Klondike has
been established among the Mormons - and New Jersey
has the honor of educating the son of its Chief and
of helping support the Schools at Bitter and Salt Wangel as
well -
Our Societies have increased themselves all over
Mormondom, that anomaly of the 19th Century, now
spreading into Territories outside of Utah, until even the ab-
-sentee of politicians is called to it, as a source of possible
future evil -
Of New Mexico, and our interests there, we can speak to-
day only with saddened hearts, - altho at several
points the work goes on hopefully, - but the Last Post
as it gathers the scattered threads of the year brings
word of loss to the cause at large, and to the Presbyte-
-rian Brunswick, by the death of Miss Jennie Hammeken,
for two years and nine, missionary-teacher at Jemez - She
passed away at Albuquerque New Mexico - Sept. 29th. After a
fortnight's illness - having come there for medical treat-
-ment - As in connection with the above mournful
which now enshrouds us, we may get comfort each
other with the fact, "The Lord reigns, and blessed be our Rock."
These Last minutes also bring us bright tokens of encourag-
-ment, $100 in gold from an unknown friend Mrs. H. Manning
of Perth Amboy toward one of the Chapels in Utah, "in
honor of our beloved and martyred President - Before the appl
came to her, this picture had it in her heart to make a
contribution of this very kind - That may the words fall
like words of fire and utterances of our late President in
regard to Mormonism -
A meeting of great interest was held at Asbury Park
Aug. 11th last - during the session of the Methodist Episcopal
Conference - a gathering of christian workers, in which hope

importance of [illegible] providing [illegible] its own [illegible] house, and especially all the [illegible] Chapels where the pure Gospel may be preached to the perishing multitudes.

Other meetings in the interest of Home Missions have been held within the bounds of this Synod, with the view of spreading the ever-growing information that comes to us from the [illegible] Some of these Meetings have been addressed by Prof. J. M. Coyner, who is [illegible] at Salt Lake City, to [illegible] a [illegible] [illegible] by the [illegible] and also by Rev. D. J. (3)

Miss Lora B. Shields has also told of the Pueblo Boarding School, in which she is engaged as Teacher, and has won golden opinions, which it is hoped, golden gifts may reflect in a practical way —

Many Leaflets and Circulars have been distributed; but none of them can take the place of the living Speaker. We earnestly therefore call on you the Pastors and Ruling Elders of the church "to lift up your voice" — to "cry aloud, and spare not" — We need waking up to the real need of doing actual missionary-work within the limits of the United States.

We thank you for help already given, the success attending which but leads us to ask you to do yet more for the special department of Home-Missions, committed to the women of the church — Of the claims of the cause as a whole, we do not venture here to speak — The promise is that our Lord "shall have dominion from sea to sea" When that is fulfilled, will not the glory [illegible] from the rivers to the ends of the earth!

Dear Mrs. Mount,

I am sorry that my absence from home has caused delay in answering your welcome enquiry -

Miss Julia Mallet of Fairmount Ohio is about leaving home for Utah - She is well recommended as a pure christian girl - but has never taught school and is supposed fitted for the work - From all testimonials received satisfactory, we proposed the work to her - and you would be pleased at the spirit in which she received the offer - She is about 25 or 30 years old - We do

I hope Phila is going to make special efforts for Miss Cook's Chapels. In three months we must be self supporting as a school, return before any teacher can go to work in quite a number of places within the limits, public to rent any premises to the Missionaries.

Your letters are received quite regularly & I do not perceive the new fountains & leaves. Mrs Phillips returns & more welcome & than ever possible — Everybody is glad to see her — Quite several invitations to be spent, but I keep her at home enough, & think they must be given up —

Dear Phillips,

Your letters are received, with grateful hearts — and I do promise the performance of many things that you desire of me, as far as possible — I am much grieved to hear of Mrs. Lute's illness, but I hope & trust she will soon be restored, & Mrs. Lee & Mrs. Shields, they must be given up —

I received both your kind letters and have waited several days for a favorable opportunity when the parents of both children were present that I might address a few words to them on the subject of baptism. Dear Miss Shirley,

As this letter can be prevented, & so disappointing, I will put in a line & save postage - I have written asking Mrs. Lovel how soon she could have the Pelisse ready, about which she is much perplexed. Miss Phillips & Miss Clarke both write very kindly - make no complaints - ask much cordially - only Eliza had some thanks for me but you assured me I have the full confidence of the Children and they feel it unnecessary, on trifling occasions to express it -

Dear Mr. McMullin,

I am just delighted with that Resolution of yours, by which the great principles of the Temperance reformation are to be carried into operation. I am very important to pursue this reformation, & to organize societies in every part of the country, & to persuade all the inhabitants that in each township the managers appointed by the Board who live in that township, should attend to this duty, & that it is their duty to form societies. I have been told by the Revd. Mr. [illegible] that [illegible]

I send a list of applications on hand - some of them rather old date - yet retained in case of need -

I understood Mr. Eaton had paid Rev. C. M. Park all the money due him - The letter may have settled the matter - Have you returned addressed to Dr. Wilson - Will you please ask about this!

And it is making this death as regards the State & surrounding — and while asking it not to deliver out those poor souls are worked for evil, certainly we ought to pray the more he points our responsibility.

Dr. Jackson says $75 a year is not enough - that we pay a debt on each of these boarding pupils - The Govt allows $125 do - and so we are raising our scholarships given out at $100 a year - However, to those already paying only $75. a year, we allow them to go on -

Christian Home-Visiting is now published as organ of B. of Home-Visiting - & Dr. Robbs also will now [illegible] it probably every month, will be gratuitously sent [illegible] take it - You see it is offered in S. Sir, the first draft of
Resolutions, & Address, which the Committee
appointed at the last meeting of the Society
directed me to prepare, I now submit
for your consideration, & for the
consideration of the Society.

I have endeavored to express the
sentiments of the Society in relation to
the decease of our late President, in
such terms as I thought would be
most acceptable to the Society, & to
the friends of the deceased. But
I am conscious that I have failed
to express myself in such terms as
I could wish, & as the occasion
demands. I have done the best
I could, & I submit the whole
matter to the Society, with the
hope that they will make such
alterations, & additions as they
may think proper.

Yours with sincere respect
J. E. H. Haines Sec.

P. S. The resolutions were
written by Rev. Mr. Worden.
